## **Census is important, easy, and confidential.**

The law states that your information cannot be shared with any federal agency, housing inspectors, police or immigration.

Everyone that lives in the United States should be counted, including citizens and non-citizens.

You will receive the form in mid march by mail.

You need to complete the form and return it by mail.

By completing 10 simple questions you can help make sure that we get our fair share of representation in Congress and a fair allocation of federal and state funding.
