A Newsletter of the Maryland Department of Aging

Volume 5, No. 1

Fall/Winter 2009

There is an important civic and constitutionally mandated event that will shape our future over the course of the next decade and we need your help. **The 2010 Census is coming** and we must ensure that every Marylander in every neighborhood, community, village, town, city and county in our State is counted on Census Day: April 1, 2010.

By answering the Census, services and programs such as job training, education, health care and improvements to our infrastructure will be there for Maryland families and communities for years to come.

An accurate Census is extremely important. An undercount of as little as 1.7% or 100,000 of our State's 5.8 million residents translates to a loss of one billion dollars in federal revenue over the next ten years.

To ensure an accurate account, we are working closely with the U. S. Census Bureau, your local government, community organizations and people like you.

Sincerely,

A handwritten signature in blue ink that reads "Martin O'Malley". The signature is fluid and cursive.

Martin O'Malley, Governor

The Success of the Census - It's In Our Hands Maryland!

A Message from the Secretary

Stimulus Funds at Work

During the months of August, September, and October, I have travelled throughout the State visiting local Area Agencies on Aging (AAA) for the purpose of witnessing how stimulus funds, made available through the American Reinvestment and Recovery
