State of Maryland
Why do we take the census?

• U.S. Constitution, Article 1, Section 2 mandates Census to provide the data for an apportionment of representatives among the states for the House of Representatives every 10 years

• By law, the U.S. Census Bureau must deliver a report of population counts to the President of the United States within 9 months of Census Day (on or before December 31, 2020) so that apportionment can be taken
2020 Census vs 2010 Census

• In 2020, we will introduce new technology to make it easier than ever for individuals to respond to the census.

• For the 1st time, you will be able to respond online, by phone, or by mail. We will use data that the public has already provided to cut down on household visits.

• We are building a more accurate address list and automating our field operations—all while keeping your information confidential and safe.
The 2020 Census
A New Design for the 21st Century

Motivate People to Respond
- Conduct a nation-wide communications and partnership campaign
- Maximize outreach using traditional and new media
- Target ads to specific audiences
- Work with trusted sources to inspire participation

Establish Where to Count
- Identify all addresses where people could live

Count the Population
- Collect data from all households, including group and unique living arrangements
- Make it easy for people to respond anytime, anywhere
- Encourage people to use the new online response option
- Use the most cost-effective strategy to contact and count nonrespondents
- Knock on doors only when necessary
- Streamline in-field census-taking

Release Census Results
- Deliver apportionment counts to the President by December 31, 2020
- Release counts for redistricting by April 1, 2021
- Make it easier for the public to get data

Count Everyone Once In the Right Place

United States Census 2020
The 2020 Census is being conducted in a rapidly changing environment, requiring a flexible design that takes advantages of new technologies and data sources while minimizing risk to ensure a high quality population count.
How are census data used?

• Assisting tribal, federal, state and local governments in planning, and implementing programs and services in:
  • Education
  • Health care
  • Transportation
  • Social services
  • Emergency response
• Distribution of more than $675 billion annually in federal funds
• Redistricting of state legislative districts
• Forecasting of future transportation needs
• Determining areas eligible for housing assistance and rehabilitation loans
Even More Uses for Census Data

- Transportation & Roads
- SNAP, WIC, Housing
- $675 Billion Federal Funds
- Pre-K, Headstart, and School Lunch
- Healthcare Services
The Census is Confidential, and that confidentiality is required by Law

1. The Census Bureau is required by law to keep information confidential. All responses provided on the 2020 Census questionnaire or to a Census Bureau employee are confidential and protected under Title 13 of the U.S. Code

2. We will never share a respondents personal information with other government agencies

3. Results from the census are reported in statistical summary format only

4. Records are confidential for 72 years by law (Title 44, U.S. Code)

5. All Census Bureau employees swear a lifetime oath to protect respondent information.

6. Penalty for wrongful disclosure is up to 5 years imprisonment and/or a fine of $250,000
The 2020 Census Phases

Local governments and community leaders throughout the nation participate in activities highlighting the message that the 2020 Census is imminent and that it is easy, important and safe to participate.

• Education Phase – 2018 - 2019
• Awareness Phase – January – February 2020
• Motivation Phase – March – May 2020
• Reminder Phase – May – July 2020
• Thank You Phase – Starts July 2020
Key dates of the 2020 Census Operational Timeline

- **Early Area Census Offices (ACO) open**
  - January 2019

- **Address Canvassing Starts**
  - August 2019

- **Area Census Offices open**
  - July 2019

- **CENSUS DAY**
  - April 1, 2020

- **NRFU**
  - May 2020

- **Census Bureau delivers apportionment counts to the President**
  - December 31, 2020

- **Redistricting counts are delivered to states**
  - April 2021

Historically Undercounted Groups

- Children Under 5
- Age Group 18-24
- Veterans
- Non English Speakers
- Immigrants
- Persons with a Disability
- Seniors
Low Response Score (LRS)

Overview
• LRS = predicted level of census nonresponse at the tract level
• Values from 0-100
• For example: If LRS= 25, we are estimating that 25% of households in that tract will not self-respond to the census

LRS Limitations/Cautions
• Uses 2010 mail self-response and current ACS data – 2020 Census will offer internet, phone and mail options to self-respond
• LRS are not calculated for all census tracts (-1)

How do I access the LRS?
• Census Planning Database (PDB)
• Response Outreach Area Mapper (ROAM) Web Application
Response Outreach Area Mapper (ROAM)

- Public mapping application that displays characteristics of hard-to-count areas from the PDB
- ACS 5-year estimates data
- Census tract level
Census Tract 8035.13
Prince George's County, Maryland

Partnership Specialists

Role of the Partnership Specialists

• Primary contact between the U.S. Census Bureau and the CCC
• Serve as advisers and information resources to CCCs
• Help identify census awareness building activities that are more effective in their community

Steps Partnership Specialists will follow:

• Meet with local governments in the area to encourage the formation of CCCs
• Distribute materials
• Provide orientation/training for CCC leaders or Chairpersons
• Provide advisory support to CCC Chairpersons
• Assist CCCs in developing a strategy and work plan
• When possible, attend CCC meetings, provide guidance, recommend outreach and promotional activities, and distribute promotional materials and items
• Encourage the development of innovative activities geared to specific groups within the community
• Maintain an open line of communication with CCCs
